Truman's Midyear Economic Report Calls for Full Speed Ahead on Military Build-Up

Washington, July 23—(AP)—President Truman today told congress it probably will be necessary to strengthen the armed forces beyond the present goal of 3,500,000 men, regardless of peace prospects in Korea.

He called for "full speed ahead" on the military build-up, with no yielding to those who would discard the anti-inflation control system "or shoot it full of holes."

The message, was Mr. Truman's midyear economic report. It went to congress along with a 285-page economic review prepared by his council of economic advisers.

Body of Sherman Will Be Flown To Capital on Tuesday

Naples, Italy, July 23—(AP)—Admiral Forrest P. Sherman, his last mission completed as head of the American Navy, starts his last flight home tomorrow—in death.

The 54-year-old U. S. chief of naval operations died in his Naples hotel yesterday noon after suffering two heart attacks. He had just completed a tour of Europe's Atlantic pact defense area. He had also visited Generalissimo Francisco Franco and was believed to have reached a tentative agreement for American use of Spanish air and naval bases.

The admiral's body will be taken tomorrow to Naples airport after simple services on the deck of the American warship, U. S. S. Mt. Olympus, anchored in the Bay of Naples. The body was taken to the ship yesterday.

A message from President Truman said the "country's loss is great" and Secretary of State Dean Acheson hailed the naval member of the joint chiefs of staff as "a statesman who saw beyond the military problems to the objectives of national policy."

Mrs. Sherman, who was at her husband's bedside when he died, left last night for the United States by special plane.

Sherman replaced Adm. Louis Denfeld as navy chief in the bitter squabble over unification of the Army, Navy and Air Force. A brilliant "flying admiral," he was jumped over the heads of nine senior officers to become the (Turn to Page Seven)

Aged French Hero Dies On Bleak Island

Ile D'Yeu, France, July 23—(AP)—Marshal Henri Philippe Petain, the French hero of Verdun in World War I, died today on this bleak island where he had served more than five years of a life sentence for treason in World War II. He was 95 years old.

But he was not a prisoner when he died. The French government commuted his sentence last month, shortly after the parliamentary elections, because of the state of his health, and he was moved from his prison cell to a private mansion here off the southwest coast of France.

It was announced that funeral services will be held Wednesday in the Church Notre Dame Du Port, in Port Jolville, on this island. Petain's lawyers wired government officials a request to relent and permit burial at Verdun, instead of on Ile D'Yeu. There was no immediate response.

The aged marshal succumbed at 9:20 a. m. (3:20 a. m. EST) in the island's military hospital. He had been in failing health for months and since an attack of pneumonia in April had suffered several relapses.

Two days ago his family and his lawyers again were called to his bedside. His 75-year-old wife, Annie, who had voluntarily shared his exile, was with him when he died.

Peta's heroic defense of Verdun in 1916 had made him one of France's greatest military heroes. His immortal battle cry—"They shall not pass"—echoed around the world. With it he rallied the French to a memorable stand in one of the great battles of modern history.

But the national hero of World War I and elder statesman of the between-war years became a traitor in the eyes of many Frenchmen after Hitler invaded France in 1940.

Summoned at the age of 84 to the helm of a France reeling before the onrushing Nazi armies, it was his lot to surrender his country to the victorious Germans. Then he became chief of state of a semi-puppet government set up in Vichy.

After the liberation of France, Petain faced trial in the summer of 1945. The high court of justice found Petain guilty of intelligence with the German enemy and pronounced a death sentence. But the court expressed hope the sentence would not be executed.

Gen. Charles De Gaulle, the wartime provisional government immediately after the war, commuted the sentence to life imprisonment.

Solemn Rites For Murdered Abdullah

Amman, Jordan, July 23—(AP)—Bugles sounded a farewell salute across the barren, rocky hills of Jordan today as the body of murdered King Abdullah was lowered into its grave. Guns of the Arab Legion boomed out at one-minute intervals as the cortege moved to the grave.

The wailing of thousands of subjects could be heard on the surrounding hills during the solemn funeral procession from the assassinated king's royal palace to his burial place.

Black flags draped this dusty little capital in preparation for three months of mourning for the powerful British-supported Arab king. He was assassinated Friday as he went to pray at the tomb of his father in the Mosque of Omar in the Jordan-held old city of Jerusalem.

An estimated 1,000 dignitaries from neighboring Arab countries and from other parts of the world marched in the funeral procession behind the royal casket. Only those with special permits were permitted to take part in the procession.

Oatis was sentenced July 4 to serve 10 years in prison on espionage charges.

The commander of the 200,000-member state VFW department said representations so far made concerning Oatis "have been wholly inadequate."

"We firmly believe," the letter read, "it is time for our government, through your department, to make unmistakably clear to the Communist and Communist-dominated countries, that false arrest of an American national will no longer be tolerated without punitive action."

Copies of the letter were sent to President Truman, United Nations delegate Warren R. Austin and the Pennsylvania delegation in congress.

Local Leaderships in Major Parties at Stake in Primary Election on Tuesday

HEY YOU—A Communist soldier at right runs toward UN cameraman, swearing and objecting at having his picture taken in the Kaesong market area during the sixth cease-fire negotiations. Meanwhile, negotiations recessed until Wednesday after UN negotiators gave a final "NO" to Communist demands for the withdrawal of foreign troops as a price for peace in Korea.

Leaders Confident Workable Economics Controls Bill Be Passed Before July 31

Washington, July 23—(AP)—President Truman's congressional leaders told him today that they are confident a "workable" economics controls bill will be passed before the July 31 deadline.

House speaker Rayburn (Tex) told reporters afterward that neither the administration nor opponents of the administration proposals "will get all they want" but "I think we will work out a pretty workable bill in conference."

Senate Democratic leader McFarland (Ariz) agreed with this view.

The president told them, "Vice President Barkley and house Democratic leader McCormack that he hopes for a 'workable' bill.

The weekly meeting of the president and his leaders was devoted largely to a briefing on the military actions still going on in Korea. The conferees wouldn't discuss what they were told by military officials.

A senate-house conference committee now has the job of hammering out an economic controls bill from the differing measures passed by the two chambers.

And lawmakers, weary from the long fight over how best to beat inflation, looked to President Truman's mid-year economic report for a possible clue to administration strategy in the continuing battle.

The report was due to reach Capitol Hill today.

The conference committee has one week in which to turn out its finished measure, because present controls are scheduled to expire July 31.

Washington, July 23—(AP)—Attorneys for the Office of Price Stabilization say the OPS will notify agency officials in Pittsburgh to roll back milk prices one cent a quart in Pittsburgh and Erie, Pa., and one-half cent a quart in the Altoona, Johnstown, Pa., areas.

The agency has denied the Pennsylvania Milk Control Commission's application for a price increase which was put into effect last Wednesday.

A State Milk Commission spokesman in Harrisburg, meanwhile, said the matter probably would be referred to the attorney general. The OPS has not indicated when the rollback is effective. The OPS will consider an amendment (Turn to Page Seven)

Eyes of Political Observers On Contests for County and Municipal Offices in Penn'a

By The Associated Press

Local leadership of both major parties will be at stake tomorrow as Pennsylvania voters choose candidates in the 1951 primary election.

Local fights between opposing political leaders overshadowed the lone statewide contest for the Democratic nomination for state supreme court justice.

The polls open at 8 a. m. and close at 9 p. m. (Daylight Saving Time) Tuesday.

Incumbent Justice Grover C. Ladner, Philadelphia is opposed by Judge Michael A. Musmanno of Allegheny county for the high court post in a battle that is tantamount to election. Two vacancies—one from each party—exist. Justice T. McKen Chidsey, Easton, is unopposed on the Republican side.

However the eyes of most political observers will be on the local contests for municipal and county officials and one congressional seat.

Local option elections on permitting the sale of liquor or beer will be another side issue in 132 Pennsylvania communities.

Some 4,771,182 voters from both parties are registered. That's about 10,000 more than were eligible for last year's gubernatorial and senatorial election.

Philadelphia and 28 third class cities will nominate candidates for mayor. All 67 counties will pick party choices for judges, county commissioners, sheriffs, district attorneys and other officials.

The once-powerful GOP organization in Philadelphia is trying to overcome three straight defeats by backing Dr. Daniel A. Poling, a nationally-known religious leader, for mayor. He is opposed by Walter P. Miller, Jr., a paper box manufacturer.

The Democrats also have a two-way fight for the nomination for mayor. The party organization is supporting Joseph S. Clark against independent Joseph Sharfstein.

The first election under Philadelphia's new city charter also finds a flock of candidates running for city council seats, some of which will be filled by a citywide vote instead of by wards.

Western Pennsylvania will be the scene of tests for President Truman and Gov. John S. Fine.

Voters in the 33rd congressional district will name a successor to the late Rep. Frank A. Buchanan, McKeesport Democrat, in a special election. Mrs. Vera Buchanan, 48-year old widow of Rep. Buchanan, is the Democratic choice and a staunch Truman supporter.

The GOP candidate is 30-year old Clifford W. Flegal, McKeesport city solicitor and a critic of the president's foreign policy.

Sen. John M. Walker, Republican floor leader in the state senate but an opponent of the Fine-backed state income tax, is backing the organization to run for Allegheny county commissioner.

Dauphin county, home of State Sen. M. Harvey Taylor, GOP state chairman and president pro tempore of the state senate, is the scene of a bitter factional fight. The Taylor-supported candidates are opposed by a slate led by former Congressman John C. Kunkel, who unsuccessfully opposed Duff's bid for the senate last fall. Kunkel himself is running for county (Turn to Page Seven)

ASKS HONEST ELECTION

McKeesport, July 23—(AP)—Clifford W. Flegal, GOP candidate for congress from the 33rd district, has asked Governor Fine to assign state police to polls in Homestead for tomorrow's primary. Flegal, is opposing Mrs. Vera Buchanan for election to the vacancy created by her late husband's death. He declared he would like to see state police on hand to be sure the elections is honest in every respect.

OPS Rule May Mean That the Nickle-A-Bottle Soda Pop May Soon Be Memory

Washington, July 23—(AP)—Nickle-a-bottle soda pop soon may be only a memory.

The Office of Price Stabilization (OPS) today authorized soft drink bottlers to boost their prices to retailers to a top of 96 cents a case.

This probably will mean an increase of six cents a bottle at retail on the beverages whose bottlers take full advantage of the new ceiling, the agency said. In the trade it was reported unofficially that coca-cola will stick to its present price. However, some other large companies do plan to change, OPS spokesmen reported.

The new ceiling applies to both six ounce and 12 ounce bottles, effective July 28.

OPS said it will relieve bottlers of "extensive and serious" hard-

Co. Commissioners Deliver Last of Supplies to Polls

County Commissioners are finishing their job of delivering ballots and election supplies today, delivering in Warren boro and in Glade and Pleasant townships. The remainder of the county was supplied the latter part of last week.

The polls will be open for primary elections from 8 a. m. to 9 p. m., daylight savings time, tomorrow, and Judge Allison D. Wade will be on the bench during the day as is required by Pennsylvania law.

While banks will remain open as usual during the day, all state offices, including state liquor stores, will be closed for the day. In addition, all licensed places will be closed for the day. They are not permitted to make sales of beer or liquor until one hour after the closing of the polls.

Principal interest in the county centers around contests for the Republican nomination for sheriff, sought by Sheriff L. E. Linder and G. K. Lodge, of Tidoute; and a Democratic battle for county commissioner.

Candidates for this office are William H. Olney, present Democratic commissioner; Bert J. Hovner, of Barnes; Carl J. Anderson, Sheffield; and Ralph N. Summerton, of Tidoute.

In the boro, only one battle is on the slate. That is for councilman of the first ward where Robert J. Wilson and Robert Y. Kopf both seek the Republican nomination.

SEVERE ELECTRICAL STORM IN PITTSBURGH

Pittsburgh, July 23—(AP)—An electrical storm knocked out the police radio system here last night and caused flash floods which receded quickly with only slight damage.

Driving rains hit other sections of western Pennsylvania. Lightning bolts knocked out several utility lines. In the nearby South Hills section, another police radio system serving about 12 communities was knocked out for more than an hour.

Non-National Army Under Single Flag And Command for Europe Is Proposed

Washington, July 23—(AP)—A senator just returned from Europe said today Gen. Dwight D. Eisenhower wants to form a non-national army under a single flag and command to defend western Europe.

Senator Brewster (R-Maine), one of nine members of the senate foreign relations committee who returned today from an inspection trip to Europe, quoted Eisenhower, as saying he is "going all out" in support of this idea.

The British oppose the Eisenhower plan, Brewster said. He added that he was told France and western Germany are near agreement, however, on the general principles of single-uniform army.

Eisenhower was given the task of building a western European defense force. The original thought was that each nation would contribute troops but they would retain their national uniforms. The administration proposes to put six U. S. division into the force.

The senators came back from Europe in general agreement there is need for greater speed in building western defenses against Communism.

The nine touring senators took testimony in Europe which Brewster said probably will be made public this week, when the foreign relations group is expected to begin hearings on the program.

Senator Green (D-RI), chairman of the foreign relations subcommittee which visited seven countries in two weeks, said in a statement that some of the North Atlantic treaty nations "can do more than they are now doing to develop their armed forces."

Green emphasized that these countries need U. S. assistance to build their military strength.

NEGOTIATORS RETURN WITH INSTRUCTIONS

U. N. Advance Headquarters, Korea, July 23—(AP)—Allied negotiators gathered here again today, armed with final U. N. instructions for the resumption of Korean war cease-fire talks in Kaesong Wednesday.

Vice Adm. C. Turner Joy, chief of the five-man United Nations team, flew back from Tokyo tonight after a series of conferences with Gen. Matthew B. Ridgway. He was accompanied by two other U. N. delegates, Maj. Gen. L. C. Craigie and Rear Adm. Arleigh Burke.

They talked with the Supreme Allied Commander Saturday, Sunday and Monday.

The decisions made in Tokyo probably will remain secret until the ninth meeting of negotiators in a Kaesong schoolhouse Wednesday.

The Korean war will be 18 months old Wednesday. Whether it will end soon or flare up anew in bloody fighting hinges on settlement of one vital question: Shall the question of withdrawal of all foreign troops from Korea be placed on the cease-fire agenda?

The Reds have insisted that the question be debated in full-scale armistice talks, to start when the list of topics for discussion has been adopted.

The United Nations have said it is a political matter to be decided after an armistice.

Wednesday's meeting may produce an unbreakable deadlock, or a compromise that will permit the talks to go on.

The eighth meeting between Allied and Red negotiators ended abruptly Saturday after the Communists requested a recess "to enable both sides to study the proposals thus far presented."

It may be the Reds wanted time to consult Peking and Moscow.

In agreeing to the recess, Joy suggested the conference resume earlier if possible. There has been no indication, however, that it will.

LOCAL PILOT MEMBER OF DEWEY ENTOURAGE

The Rev. and Mrs. Nora G. Gustafson, 4 East Third avenue, have learned through a letter from their son, Lt. Norbert Gustafson, that he was one of three pilots assigned to escort Governor Thomas H. Dewey on his recent tour. Young Gustafson, stationed at Tachikawa, near Tokyo, accompanied the visitor from Tokyo to Okinawa, then on to Taipei in Formosa, and to Manila in the Philippine Islands.

Iranian Cabinet Says Formula Found For Negotiating Oil Nationalization Dispute

Tehran, Iran, July 23—(AP)—An Iranian cabinet member said today a formula has been found for reopening negotiations with the British on the oil nationalization dispute.

The first specific statement of progress in settling the critical British-Iranian deadlock came from Dr. Karim Sanuadi, minister of education, after a six-hour conference between Prime Minister Mohammad Mossadeq, the cabinet and the Iranian oil nationalization board.

Another member of the government indicated that some formal announcement of the extent and nature of the progress might be made after continued talks tonight with President Truman's global trouble-shooter W. Averell Harriman.

The memorandum apparently is based on the result of week-long talks between Harriman and Iranian leaders.

There was no immediate indication what specific points were contained in the memorandum.

It was hinted, however, that Iran is sticking to its position that any negotiations will be with representatives of the disputed Anglo-Iranian Oil Company and not with the British government.

An informed source said earlier at Harriman had suggested reopening the negotiations with a British government delegation.

Johnstown, July 23—(AP)—Robert Gleason, Republican chairman Cambria county, may get some democratic votes in tomorrow's primary election. Gleason is seeking a Republican nomination for councilman in nearby Westmont, during the weekend stickers appeared with Gleason's name listed as a Democratic candidate for a same office.

HEART REVIVED AFTER THREE-MINUTE STOP

Pittsburgh, July 23—(AP)—Harry Beeson's heart stopped beating for three minutes during an operation on his thyroid gland. But surgeons say the 64-year-old man's heart is working better today than it did before.

Two surgeons, declining use of their names, said they massaged Beeson's heart and administered adrenalin to revive the organ after it stopped beating over the weekend. Cardiac action and respiration ceased, they reported.

The surgeons said a thyroid tumor which they removed probably was responsible for the heart condition Beeson had suffered for two years.

DENIES SHORTAGE CHARGE

McKeesport, July 23—(AP)—Hildur Nystrom, 37, today is free on \$10,000 bond after the FBI charged her with misapplication of \$3,900 in funds at the Union National Bank where she is a teller.

The woman claims the charges are "utterly ridiculous." Miss Nystrom said the apparent discrepancy in her accounts is the result of "bank procedure."

Penn'a VFW Asks State Department To Take Strong Steps for Oatis Release

Harrisburg, July 23—(AP)—The Pennsylvania Veterans of Foreign Wars has asked the State Department to take "strong positive steps demanding the immediate unconditional release of William N. Oatis," Associated Press chief of bureau in Czechoslovakia.

James J. Davis, state commander, also urged expulsion from the United States of the Tass correspondent of Moscow's Pravda as part of a "get tough" policy.

Davis, a Philadelphia attorney and a son of a former U. S. senator, yesterday wrote Secretary of State Dean Acheson that Oatis' "False imprisonment" by the Communist Czech government "because of his objective reporting outraged war veterans."

No Developments Are Reported In Sheffield Shutdown

Sheffield, July 23—Officials of the Pennsylvania Bottle company report there have been no new developments in the employment situation since the company's partial shutdown a month ago.

L. H. Keller, plant manager, said that although a number of men have signed a desire to work in the company's plant at Gas City, Ind., a definite figure could not be given since many men who applied for the transfer have since found work either in local industry or in Warren.

William Gallagher, a general plants manager for Knox Glass Associates of which Penn Bottle is a subsidiary, will be in Sheffield in the next few weeks to interview men who desire to make the change.

When these men would leave for Gas City is not known by officials of the local plant.

More than 100 employees of the local bottle company were laid off last month in a move that shut down three units of the seven machine plant. About 165 men are still employed by the company.

Cause of the layoff was attributed to poor business conditions throughout the glass container industry.

The two voting places in Sheffield township, the township building for the first precinct and the basement of the Barnes Methodist church for the second precinct, will be open Tuesday from 8 a. m. to 9 p. m. for the primary election.

The county contest for the Democratic nomination for the office of county commissioner has two Sheffield area men among the can-

didates. They are Carl J. Anderson and Bert J. Hover. Other candidates for the two nominations are Ralph Summerton, Tidoute, and William H. Olney, present commissioner.

In Sheffield township contests, Otto F. Mayer has filed as the Republican candidate for the office of township supervisor and Thomas Sanford is running on the Democratic ticket.

Democratic candidates seeking a six-year term on the local school board are Mrs. Robert J. Baynes and Mrs. Clair Fitzgerald, the latter seeking reelection. Republicans who have filed for the post are Donald Curtin and Clinton DeBolt.

Chester Sadler, also seeking reelection, Republican, and Norman Spicer, Democrat, will seek four-year terms.

Other candidates unopposed in the primary election locally are as follows: auditor, Max Lugar, Democrat; and Clair F. Young, Republican; assessor, J. Harry Hanson, Republican.

Judge of election, first precinct, Mrs. Fred Straubel, Republican, and Mrs. George Stanko Jr., Democrat; second precinct, Miss Ariel Houghton, Republican.

Inspector of elections, first precinct, Mrs. F. E. Shick, Republican; Ray Trzinski, Democrat; second precinct, Mrs. Grace Confer, Republican.

Constable, Harry Mickel, Republican.

Tomorrow evening at 8 p. m. Sheffield's Chamber of Commerce will meet at the American Legion home. All interested persons are urged to attend.

Earlier in the evening Dr. Weakland delivered a sermon on "Stimulating Drink and Healthy Sports," during which he discussed the liquor advertising in sports. He also drew a lesson from baseball to be applied to good church attendance and membership.

CANOISTS FEARED LOST
Westfield, N. Y., authorities fear that Cecil R. Kelley, 25, and Victor Smith, 15, of Forest Hills, Pittsburgh, may have perished in the choppy waters of Lake Erie. Kelley and the Smith youth were last seen about noon Saturday as they paddled in a northwesterly direction from their camp, about six miles west of Westfield. The canoe contained life preservers and both are said to be able to swim. However, a storm and strong offshore wind during the night may have carried them for several miles, police said. Apparently not alarmed over their disappearance, the three boys didn't report the incident to authorities until 25 hours later.

Gavin Denounces as "Unmitigated Lie" Reports He Gave Out Secret Information

By The Associated Press

Washington, July 23—Rep. Gavin (R-Pa.) has denounced as "an unmitigated lie" reports that he had given out secret information that this country has only 87 B-36 bombers ready for action.

Gavin told the House that Columnist Robert S. Allen had made such a charge and that RadioCommentator Drew Pearson had made a "base insinuation" to that effect.

"I want to deny such a charge as an unmitigated lie," Gavin said.

Gavin is a member of the House Armed Service Committee which got a report on the B-36 bomber fleet from Air Force officials July 11. After the meeting there were reports the committee had been told there were only 87 of the intercontinental bombers ready to go.

Anonymous legislators also were quoted as saying Air Force representatives testified that another 65 of the huge bombers are in the process of being modernized with "jet assists."

The leak touched off a brief uproar. Chairman Vinson (D-Ga.) subsequently lectured the committee about disclosing such matters to reporters.

Gavin told the House that, so far as he is concerned, "the facts" are: "I was intercepted as I was going on the floor of the House by a newspaper reporter who stated that he had talked with a number of other members of the committee and at the time he intercepted me he had the figures which were

given in the Armed Service Committee meeting.

"He questioned me and I told him the figures were highly secret and classified information, and I warned him twice that he should take the matter up and clear it with the chairman of the committee, Mr. Vinson. I talked to no other reporter."

Gavin said that, like other members of the committee, he was appalled by information that this country had only a limited number of B-36s.

Gavin told the House that he had not made a denial of the leak charge previously because Vinson had promised to call a committee meeting last Tuesday to clear up the matter. However, he said Vinson later advised him it could not be done until Friday.

Then at a committee meeting Thursday, Gavin said, it appeared that the matter would not come up even today.

"As we have a primary election in Pennsylvania next Tuesday and it is necessary for me to return to my district, I was insistent that the matter be discussed today," he said.

The committee put aside a final vote on a huge military works bill Friday morning to discuss the case. Members declined to talk as they left the session.

Gavin later issued a statement denying Columnist Allen's report and then addressed the House.

Gavin said the Allen column wrongly attributed to him certain questions that were asked of Brig. Gen. W. C. Sweeney in the July 11 meeting of the committee.

"With no attempt to bring another member into the discussion, the truth of the matter is the questions were asked by Rep. Short. Gavin had reference to Rep. Short of Missouri, ranking Republican on the committee."

"I tried to interrupt Rep. Short, but he said, if I recall correctly, to let the general answer the questions."

"If any leaks are to be discovered, it would be interesting to know—in view of the fact the meeting was in executive session—how Columnist Allen was able to secure the questions that were asked by Rep. Short."

"Certainly those who gave out this information must be tormented by the fact that they have done me a grave injustice and irreparable damage."

Annual Newell Press Picnic Thoroughly Enjoyed by Large Crowd at Oakview Park

The annual Newell Press picnic, Saturday afternoon and evening at Oakview, proved one of the most delightful outings held at that popular resort this season. Employees with their families and invited guests numbering about 150 were in attendance and thoroughly enjoyed the program of games, contests and other amusements arranged by the committee, topped with a delicious barbecued chicken dinner prepared and served by the Lewis Catering Service at six o'clock.

During the afternoon contests were staged for kiddies, ladies and men, and at 7:30 o'clock in the evening, as the opening part of an entertainment to precede round and square dancing, prizes were awarded winners in the following events:

Kiddies, balloon contest, sack race, peanut scramble, three-legged race, candy kiss race, izzy-dizzy relay race, hobble race and wheelbarrow race; ladies, ten pin throw, pie eating, flower guessing contest, tug of war, mushball, "ducking Sam" the hard hit man; men's balloon busting, pie eating, ten-pin throw, tug of war, horse-shoe pitching and special guessing contest. There were prizes for the largest families, two of which qualified. They were two couples with three children each: Mr. and Mrs. Ralph Olson and Mr. and Mrs. Willis Burch.

The menu for the dinner consisted of fruit cup, barbecued chicken, mashed potatoes, gravy, sweet corn, cabbage salad, coffee, rolls, butter, celery, pickles, olives, apple pie, cheese and ice cream. Before dinner snacks consisted of potato chips, peanuts, ice cream sundaes, chocolate milk and pop.

Chris Pepke was master of ceremonies for the after-dinner program in the lodge which consisted of the following: Presentation of prizes by Ray Lewis and his committee; piano solo, Lynn Keller; song with guitar accompaniment, John Simmons, Robert Rickerson and Robert Anderson; tap dance, Mary Rickerson; duet, Robert Rickerson and Lorraine Miller; "The Birds and the Bees," reading, Jim Baker; song, Kenneth Simmons and John Simmons.

Gifts for everyone in the form of var-colored inflated balloons were distributed following the program.

The entertainment was followed by round and square dancing to the accompaniment of McCune's orchestra, with Lester Akeley doing the calling.

About eleven o'clock a delicious lunch was served with two roast turkeys as the main items on the menu.

Chairman of the committee was Chuck Dey, with Emmett Ecklund, co-chairman. Other committees were:

Dinner—Bert Hook, chairman, Carrie Maeder, Ellen Hook, Belle Chalmers, Lily Dailey, Mary Rickerson, Lorraine Miller, Gladys Babcock, Minnie Onufer and Doris Dutches.

Sports—Ray Lewis, chairman, Willie Burch, Mildred Stack, Millie Burman, Kenny Simmons, Frank Howe, Bonnie Carter, Bob Carlson, Doris Hanson and Harry West.

Entertainment—Cliff Ryberg, chairman, Kenny Simmons and Jim Baker.

Cleanup—Red Olson, chairman, J. Shick, M. Riggie, C. Larson and Ed Fishel.

Advertising—Leon Anderson and Bob Day.

Refreshments—W. Slater, H. West, E. Ecklund, R. Rickerson, L. Knupp, W. Burch, R. Dey and B. Hook.

Finance—Martha Whiteshot.

Leo H. Ward, president and treasurer, was on hand as usual, giving assistance and helping in every way to make certain that all present enjoyed themselves.

Guests included: Mrs. Leo Ward, Mr. and Mrs. Frank Maher, Mr. and Mrs. Woody Shriver and Mr. and Mrs. Kent Ward, Buffalo, N. Y.; Mrs. Della Hull and Mrs. Monica Richardson, Detroit, Mich.; Mr. and Mrs. LeRoy Schneck, Mr. and Mrs. Donald E. McComas and children, Margaret and Jeff, and Mr. and Mrs. Ed C. Lowrey and son Ed, all of Warren.

CON MAN CONFESSES—Chubby, peg-legged New Yorker Samuel D. Mason, above, accused of mulcting \$250,000 from five gullible victims in a confidence game, scratches his cheek as he testifies before the Senate Permanent Investigating Committee that he has not made an income tax return since "before 1929." The Russian-born Mason, who said his "family" name was Sam Mussman, was alleged by his victims to have promised to get them government business or leases on government buildings when federal agencies went "underground" to escape atom bombs.

Erie Co. Engineer Dies Suddenly At Pittsfield Cottage

Clarence Carlyle Kingen, Sr., 61, Cambridge Road, Edinboro, well known Bessemer & Lake Erie Railroad engineer, died suddenly soon after being stricken with a heart attack while cutting grass at his summer home in Pittsfield township, near Dugall, Saturday afternoon about 1:45 o'clock.

Mr. Kingen was in his usual good health previous to the attack, having made his regular run from Pittsburgh to Albion on Friday, later with his wife driving to the cottage in Warren county. Saturday morning in company with a neighbor he drove to Youngsville on a shopping trip. After lunch he was engaged in helping to cut grass and weeds when he returned to the cottage and complained of illness. His condition was reported to a Youngsville physician who prescribed emergency remedies and started for the scene, but Mr. Kingen had passed away before his arrival. A certificate of death from a heart attack was issued by the coroner.

Mr. Kingen was born in Mill Village December 23, 1889. Early in life he became a railroader with the Bessemer & Lake Erie, and for about 15 years resided at Greenview, moving to Edinboro about ten years ago. Besides his wife Laura, he is survived by the following children: John, Harbor creek; Clarence Jr., at home; Robert S., an officer in the Air Corps; Mrs. Jane Shakespeare, of Albion; There are seven grandchildren and the following sisters: Mrs. F. A. Stinson, Waterford; Mrs. Thorild Bement, Centerville; and Mrs. Della Gates, Waterford. He was a member of the Brotherhood of Locomotive Engineers and attended the Presbyterian church at Edinboro. The body was removed to the V. C. Kiehl Funeral Home at Edinboro.

De Pauw University, at Greencastle, Ind., is named after Washington C. De Pauw, a pioneer glass manufacturer.

Brotherhood Plans To Entertain Kane and Sheffield Units

Ludlow, July 23—Moriah Brotherhood, at its regular meeting, voted to entertain Kane and Sheffield Brotherhood groups in August at Wildcat Park, each visiting group to provide two numbers for the program. Homer and Clyde Gilfert were hosts for the well attended July meeting, the former opening the session and Gustav Olson giving the devotionals. The program included several songs, reading by Ernest Carlson, and a talk by Allen Nelson, grade school principal at Lenox, N. C. Refreshments and a social hour were enjoyed later.

The Rev. and Mrs. O. R. Swanson and son, Bruce, were present for the midweek service at the Mission church, the former giving the meditation and Mrs. Swanson serving as pianist and vocal soloist.

Mrs. Charles E. Carlson celebrated her birthday when friends and relatives gathered at her home. Present from out of town was Victor Dahl, Frewsburg, who also spent a few days at the Carlson home.

Mr. and Mrs. Charles E. Carlson, Mr. and Mrs. Enoch Nelson, and Victor Dahl attended the Sundell reunion held at Mayville Park.

Beverly Hanson, daughter of Mr. and Mrs. Arthur Hanson, Warren, was feted on her 13th birthday Sunday when Mr. and Mrs. William Hanson, Mr. and Mrs. Gust E. Anderson entertained in her honor at Wildcat Park. Her sister, Brenda, was present from out of town. Beverly and Brenda were house guests at the William Hanson home for several days.

Mrs. Albert Bramstang had as guests for a few days, Mrs. Robert Stockenburg and Mrs. Arthur Carlson, South Gate, Calif.; Mr. Recent guests at the C. J. Carlson home have been Mr. and Mrs. Clair Carlson, Erie; Mr. and Mrs. Wilbur Carlson and three daughters, Shelby, O.; Mr. and Mrs. Gust Carlson, Warren; Mr. and Mrs. Oscar Carlson and family, Bradford; Kenneth, Shirley, and Carolyn Briggs, Marleen Clark and Mrs. Howard Briggs, Ganges, Ohio.

Mr. and Mrs. Dan Anderson and family, Gowanda, N. Y., Mr. and Mrs. Philip Capaletty and family, Erie, were Sunday guests of Miss Ellen and John Anderson.

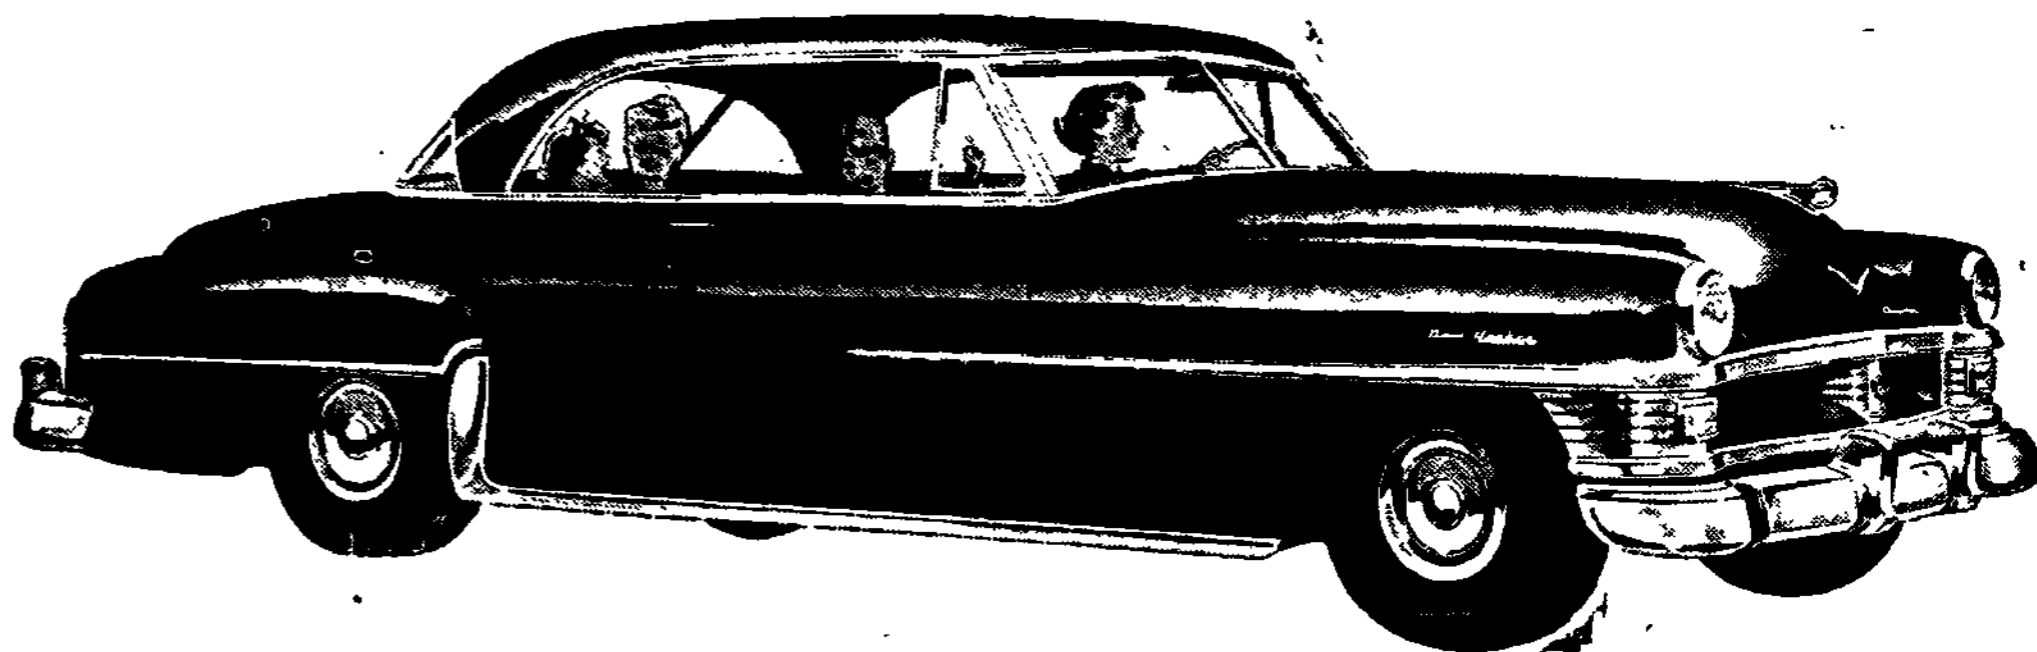

Lt. Ray Swanson, Camp Atterbury, spent three days with his family during last week.

Reynold Nelson, Erie, and Virgil Nelson Ludlow, returned Saturday after having traveled for one month to the west coast and back, visiting 20 states en route. They attended the huge Youth Conference at Colorado Springs, where they also visited Mr. and Mrs. Norman Larson; spent several days with their aunt, Mrs. Everett Schmidt of Oland, Calif.; and one day with relatives in Minneapolis.

Mr. and Mrs. William Gunderson, New York City, have arrived at the home of Mrs. Adolph Swanson, to spend the summer, having visited for one month in Minneapolis, at the home of the mother of Mr. Gunderson.

Mr. and Mrs. Emil Nelson were recent visitors at the R. L. Thomas home in Tidouite.

WARREN'S RESPONSIBILITY

The special plea from the Buffalo Blood Center received last week asking the Warren County Chapter of the American Red Cross to furnish 175 pints of blood when the Bloodmobile visits here Wednesday, from ten a. m. until four p. m., confronts the Chapter and community with a grave responsibility.

To secure 175 pints of blood at least 250 donors should be signed up before Wednesday.

At latest reports the number was far short of that goal.

An energetic group of Chapter officials busy the past few days calling prospective donors have been meeting with some success.

The work of these volunteers can be made much easier, with a greater degree of hope for success, if they receive the cooperation they deserve from the citizens who can and should sign up without waiting to be contacted.

And what is more important, no person who signs up as a donor "should fail to show," unless they have a legitimate excuse.

Over a period of several months Warren has failed to secure the quota assigned the local Chapter, because as many as 90 who signed to give blood failed to appear.

There are two reasons why it is imperative that Warren meet or exceed its quota of 175 pints Wednesday. The first is that two blood centers located in the Midwest which serve the flooded area, have been under water. The second reason is the increased rate at which blood is being shipped from Buffalo to Korea. Our informant says that during the last month more blood has been shipped from Buffalo to Korea than was sent the previous three months combined.

Appointments can be arranged by calling Red Cross headquarters, 2926.

If it is impossible to make a definite appointment for the day, anyone who reports to Red Cross Headquarters in the Warren Center Service building, 404 Market street, between the hours of ten o'clock in the morning and four o'clock in the afternoon will be taken care of as promptly as possible.

Warren has a reputation for meeting such responsibilities, and we have a feeling that the able-bodied men and women of the community will band together and help make certain that the quota of 175 pints will be realized when the Bloodmobile visits here Wednesday.

BE SURE AND VOTE TOMORROW

An unusually quiet primary election campaign in Warren county comes to a close when voters go to the polls tomorrow to select candidates for nomination to the various offices that are to be filled at the general election in November.

This is a time when you have the privilege as an American citizen, to help select the men and women who are to fill the important offices in the county, borough and precincts. It is what may be termed as an elimination, with the final decision coming four months from now.

It should not be necessary to emphasize how important it is that every citizen exercise his right of franchise at the polls tomorrow. Primary elections are considered by many as more important than the general elections held in the fall, with nominations in many instances virtually assuring election to office.

Vote early and support the candidate of your choice!

Every resident of the borough and county should consider it a personal obligation to be present Thursday evening when the commemorative monument at War Memorial Field in honor of the Soldier dead of the county, is dedicated and unveiled. The committee in charge, composed of borough officials and representative heads of veterans' organizations throughout the county, will complete details for the impressive program at a meeting to be held tonight at the VFW. The committee is particularly fortunate in being able to secure Congressman Leon H. Gavin, to deliver the principal oration.

One of the quietest campaigns in the history of the county comes to a close with the primary election tomorrow, but that is no reason why any qualified voter should remain away from the polls.

"Black Ink—What's That?"

Here And There

Erich Grabner, industrial student, who with Genevieve Latasek, French language student, arrived in Warren Friday evening via bus to begin a three-months visit in Warren under the Foreign Student program sponsored by local service and civic groups, enjoyed a preview of the "great national pastime" Saturday afternoon watching the game between the Merchants and the Jamestown Bombers, at the Warren State Hospital diamond, with young Bob Israel as his coach and chaperone. Dressed in white vacation clothes, including shorts, Erich showed much interest in learning some of the details of the game and seemed to grasp them surprisingly fast. In a brief interview he expressed warm appreciation for the wholehearted welcome he was receiving in Warren and North Warren, declaring that it was far beyond his expectations. He spoke briefly about his plane trip to United States via Iceland, Newfoundland, Boston to New York, and was al-

most as much elated over the bus trip from New York to Warren Friday, explaining that most traveling in the States has been arranged for daytime, to enable the visitors to see as much of the country as possible. He said he suffered considerably from the heat while in New York, but was enjoying the rather comfortable temperature and nice breeze that prevailed at North Warren Saturday. Commenting on the frequent outbursts from the fans at the game he was watching, Erich explained that the main sports in Austria are soccer in the summer time and skiing in the winter.

This 'N That: Arthur S. Storm, real estate developer, and builder of the fifty-family apartment house in Market street, this city, is a candidate for McKean county commissioner on the Republican ticket in the primary election tomorrow. . . . We are happy to acknowledge an invitation to attend the preview of the Bradford-

Mckean Airport Thursday and enjoy a dinner at the Emery Hotel as guests of the dedication committee; as we understand it the guests will meet in the Jade room at the Emery Hotel about 4:30 o'clock with the plan to proceed to the airport for arrival about 5:00 p. m., and then, after the inspection return to the hotel for dinner, the meeting being in conjunction with the formal dedication program set for August 11th and 12th. . . . The senate has confirmed the nomination of Richard C. Gifford as postmaster at Jamestown, N. Y. . . . The Erie Railroad soon will begin construction of more than \$93,800 worth of diesel locomotive and car repair facilities in Jamestown in an expansion program. . . . Miss Frances Maher, of Kane, supreme regent of the Catholic Daughters of America, well known to many in Warren, presided at the semi-annual meeting of the board of directors held last week in the Hotel Dennis in Atlantic City, N. J. . . . Congressman Leon H. Gavin was the subject of a very interesting article written by Columnist Robert S. Allen one day last week. . . . The Rocky Grove Fire Department, which won similar honor here in the Pleasant Township Firemen's parade, received first award for best appearing truck during the celebration in Seneca, near Oil City last week. . . . Total sales of E, F and G Defense Bonds in Warren county, for the month of June, were as follows in the order named: \$47,568.50, \$518.00 and \$6,100.00. . . . Don't forget the primary tomorrow, go to the polls early, if possible, but whatever you do be sure and cast your ballot. . . . According to the Rev. F. W. Hunt, of Mendon, a 95-acre tract of land has been purchased in Warren county, just north of Pleasantville and near Grand Valley, for the construction of a Christian education center by the board of education of the Methodist Erie conference, and it is planned to construct dormitories and other camping facilities to accommodate about 200 persons, where youth institutes, camp leadership education and spiritual life retreats will be held. . . . Sweet corn, always one of the delectable items on the menu at the Newell Press picnic dinner, was brought in by Leo Ward, president of the firm, from Hamburg, N. Y., and he tells us the farmer assures the early crop by putting caps over the sprouts that are above the ground before the danger of frost has passed. . . . The same farmer, we understand, furnishes much of the early corn that is sold in some of the local chain grocery stores.

WASHINGTON COLUMN ★

Air Force Must Be Enlarged For Safety at Home and Abroad

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—How big an Air Force the United States should have for security is one of the most challenging subjects in Washington. It is the key to defense planning. And it is the key to government spending and taxation. As the Air Force is increased in size, everything goes up with it.

No statement set America back on its heels more than the recent testimony of Gen. Hoyt S. Vandenberg, Air Force Chief of Staff, before the Senate Committee investigating General MacArthur's firing.

"The fact is," he said, "that the United States is operating a shoestring Air Force in view of its global responsibilities."

What was overlooked in General Vandenberg's statement was his qualifying clause, "in view of its global responsibilities."

This qualifier has since been re-emphasized and clarified. What General Vandenberg wanted to make clear was that if the United States was to be required to fight a Pacific war, a European war, a Mediterranean or Middle-East war and also launch a devastating strategic air attack on Russia, then its Air Force was a shoestring operation.

FOR the defense of the United States alone, the present 67-group Air Force might be sufficient. But if any outside work had to be done, it is not.

The Air Force still sticks to the story that if Russia should attack the United States, American strategic bombers could retaliate with such force as to devastate Russian cities and industrial potential.

This boast can be made, however, only on one big assumption. It is that Russia has no guided missiles which will be effective in shooting down high level strategic bombers.

There is one other important factor which enters into this calculation. It is simply that the B-36 bomber is rapidly becoming obsolete. It is obsolete in the sense that jet interceptor planes have been improved to such a degree that they can overtake the slower B-36 and destroy it. This is true of even the Russian MIG 15 jet, which General Vandenberg declared has superior speed and climb to American and British jets.

U. S. jets have greater fire power and better fire control. Also, American pilots are better trained. That has given the UN Air Forces superiority over Communist aircraft in Korea. But it is pointed out that the UN advantage in numbers of aircraft in Korea has in recent months been rapidly decreasing.

Answers to the problems raised by growing obsolescence of the B-36 and improvement in Russian jet aircraft are the obvious demands for better and necessarily more expensive aircraft, and more of them.

Better bombers are being built in the B-47, the B-52 and even a B-58 about which little has been said. The claim is made that within two years the U. S. Air Force will be able to double the force of its strategic attack on any enemy.

PRODUCTION of newer aircraft will not really begin to roll until February of next year. It will be the end of 1952 before the 65-group U. S. Air Force is in being. But the plans for 125, then 180 and 180 groups are actively being developed.

The numbers racket in counting aircraft is apt to be deceptive. Estimates of Russian air power have run as high as 5000 planes in Asia and perhaps 10,000 in Europe. There is no way for a civilian to estimate how correct this intelligence may be.

The only real basis for comparison between opposing air forces is by type of plane, reserves, obsolescence, fuel and pilot supplies and replacements. American transports, tankers and strategic bombers are vastly superior to anything Russia is known to have. On bombers the margin is two to one, and the best the Russians have is a TU-4, which was a steal on the B-29.

On air defense and tactical air support, the ratio may be reversed or worse. In Europe, for instance, the U. S. has only two groups, or about 150 combat planes, no match for any Russian 10,000.

THE FIRST SHOES WERE CRUDE PAPYRUS SANDALS MADE BY THE EGYPTIANS 4,000 YRS. AGO

IT COULD HAVE HAPPENED ONLY IN AMERICA!

CENTURIES LATER SHOES WERE MADE BY HAND FROM WOOD AND LEATHER—MEN HAD TO WORK WEEKS TO EARN ENOUGH TO BUY ONE PAIR OF THESE ROUGH, UNCOMFORTABLE SHOES. ONLY THE RICH COULD AFFORD MORE THAN ONE PAIR

THEN—AMERICANS STARTED A BRAND NEW IDEA OF GOVERNMENT—GOVERNMENT WAS FORBIDDEN TO TAKE AWAY FROM THE PEOPLE THEIR BASIC HUMAN RIGHT TO BE FREE!

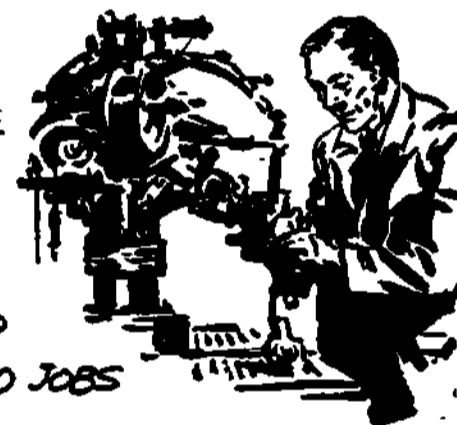

AS A RESULT—

AFTER 3,900 YEARS, AMERICANS—THE WORLD'S FIRST FREE PEOPLE—COMPLETELY CHANGED THE METHOD OF MAKING SHOES

✓ ELIAS HOWE JR. PUT AN EYE IN THE POINT OF A NEEDLE AND INVENTED THE SEWING MACHINE

✓ JOHN NICHOLS ADAPTED HOWE'S INVENTION FOR SHOE MAKING. SINCE THEN—

✓ 8,000 PATENTS OF 3,000 INVENTORS ADVANCED THE SHOE INDUSTRY—PROVIDING NEARLY 200,000 JOBS

TODAY—USING FACTORIES AND MACHINES, IN WHICH PEOPLE HAVE RISKED MILLIONS OF DOLLARS, FREE AMERICAN WORKMEN PRODUCE—
30% OF THE WORLD'S SHOES OR 462 MILLION PAIRS OF SHOES EVERY YEAR

EVERY INDIVIDUAL WAS FREE TO WORK AND HOPE FOR PROFIT BY—

1. INVENTING NEW MACHINES AND METHODS FOR MAKING SHOES BETTER AND CHEAPER
2. RISKING PART OF HIS EARNINGS IN NEW INVENTIONS, NEW EQUIPMENT AND NEW FACTORIES FOR MAKING BETTER SHOES AT LOWER COST
3. COMPETING WITH OTHERS FOR THE CUSTOMER'S FREE CHOICE

NEITHER COMMUNISM, FASCISM, SOCIALISM NOR ANY OTHER GOVERNMENT-CONTROLLED "ISM" HAS GIVEN PEOPLE AS MUCH AS FREE AMERICANS HAVE EARNED FOR THEMSELVES

Many Emergencies Receive Treatment

Emergency cases treated at Warren General Hospital over the weekend include the following:

William Berdine, 7, of 806 Mulberry street, was treated Saturday for a puncture wound of the right foot, sustained when he stepped on nail at camp. He was discharged after treatment.

On Friday, Carol Skinner, 12, Warren RD 2, was treated for a laceration of the right index finger, sustained when she caught it in an electric beater. Four sutures were applied and she was discharged.

Yesterday, Mrs. Charles Sontag, 103 Cayuga avenue, sustained a laceration of the left thumb from a bread knife. She was discharged after three sutures were applied.

Also, Mrs. Anthony Fago, 619 Fourth avenue, sustained lacerations of the left hand requiring five sutures when she caught her hand in a washing machine wringer. She was discharged after treatment.

Friday afternoon, David Olson, 205 Madison avenue, was admitted for treatment after a fall in which he struck his head on a car bumper. He was discharged on Saturday.

Pet Show Is Slated For Playgrounds

A pet show, open to all boys and girls, will be held at the various playgrounds in Warren borough on Wednesday. Judging will be for the most unusual, most beautiful, funniest, smallest, largest and best groomed pets.

Each contestant may enter as many pets as he wishes, although such creatures as flies, tadpoles, and the like are barred.

Playgrounds supervisor Mrs. Inez Rudolph reported that attendance at the various playgrounds last week totaled 7,914 boys and girls, an increase of 1,501 over the previous week's total.

Beatty playground again was the attendance leader with 2,948 for the week. Other play areas reported, as follows: Lacy, 1,491; Crescent, 1,415; Memorial Field, 875; West Side, 660; and Home Street, 525.

Printz Co. Night Scheduled Tuesday

Boys and girls from Warren, Kane and the Jamestown area will converge on the Jamestown Municipal Stadium tomorrow night for Printz Co. Night.

Highlight of the evening will be a Ponca League game between Jamestown Falcons and Wellsville. In addition, awards valued at more than \$250 will be presented to the youngsters attending.

Most of the Warren Hot Stove team members and their leaders are planning to attend the game. Hot Stovers are asked to wear their uniforms.

Tickets for the game may be obtained free of charge at the Warren Printz Co. store, 21 Second avenue.

"INSIDE VIEW" OF DIESEL ENGINE—Inner workings of modern diesel locomotive unit are open for inspection in Erie Railroad's Centennial Exhibition Train. Special display unit is one of 18 cars in display train. Diesel show unit is full size, allowing visitors to study operation from outside and then get inside close-up of machinery operating in slow motion. Cut-away display has special coloring to demonstrate flow of fuel and lubricating oil, air and cooling water. Exhibition Train is part of Erie's 100th Anniversary observance, commemorating opening of original 445-mile line connecting Great Lakes and Atlantic Ocean. Modern Erie operates 2,245 miles of railroad between Chicago and New York. Erie's operations will be represented on Exhibition Train by up-to-date passenger and freight equipment.

Visitors to the Erie Railroad's Centennial Exhibition Train which will be in Salamanca on Tuesday, July 24, from 5:30 to 10 p. m., will get an unusual "inside" view of modern railroading.

Three passenger and four freight cars will be part of the eighteen-car display. Up-to-the-minute passenger equipment will include a coach, a diner and a combination Pullman sleeper—the same type in daily use on the Erie between New York and Chicago. The freight equipment will consist of a box car, refrigerator car, flat car and radio-equipped caboose.

Special crews will be on hand to demonstrate the equipment, and explain its use to the public. Porters will show how the various sleeping accommodations—bedrooms, roomettes and berths—are made up and used. On the diner, they will explain how meals are cooked and served on route.

The box car will show how "less-than-carload" shipments are handled. The special "economy-safeload" device, invented by a former Erie vice-president, will demonstrate how small shipments are strapped to the walls to insure their safe and undamaged delivery. The other end of the box car will demonstrate another method of preventing movement of cargo while underway. Also on display in the car will be an impact recorder, to gauge the smoothness of the roadbed, and a fork-lift truck used in handling shipments.

The refrigerator car will demonstrate why the Erie is called "The Route of the Perishables." At one end will be a display of meat shipments while the other end will show how the Erie brings most of the transcontinental fruits and vegetables east from Chicago.

The flat car will contain a demonstration of the Erie as the "High, Wide, and Handsome Route." It will show how the Erie, because its clearances were originally built for a six-foot gauge, can handle higher and wider shipments than any other Eastern road.

By listening to the radio-telephone loudspeaker in the caboose visitors will be able to "eavesdrop" on actual operational conversations between Erie trains and wayside stations in this area.

Sheriff Brands As Misleading Claims Made by Opponent

The following statement was issued by Sheriff L. E. Linder today:

My opponent in a radio broadcast over station WNAE on July 21, 1951, made several statements which I believe were misleading and untrue and therefore require an answer. He made the statement, that to the best of his knowledge, modern methods of criminal detection were not being used in this office by my Deputy or myself, even going so far as to say, that to his knowledge, neither my Deputy or myself had ever been seen with a camera at the scene of a crime.

In answer to this, I can emphatically state that during my tenure as office modern equipment has been installed and used constantly. My office uses and has been using a high grade of plaster of paris to lift foot prints and tire imprints at the scene of a crime. He referred to the use of moulage which any police officer with experience knows is bulky, has to be heated in a double boiler and entails more equipment and expense than plaster of paris.

My office uses Ultra Violet Ray equipment in criminal detection work.

My office is equipped with chemicals and dyes that are used in solving gasoline thefts, thefts of money from cash registers and many other uses.

My office has two sets of camera equipment which are part of the permanent equipment of the Sheriff's cars and are available and used at the scene of any crime when the investigator thinks it necessary.

My office is equipped with modern fire arms and tear gas.

My office is also equipped with a fingerprint camera. There are only two such cameras between Bradford and Erie.

My office is equipped with a complete fingerprint outfit, and a permanent file is kept of all prints taken, in full cooperation with enforcement agencies including the F.B.I., State and local police. In addition, both sheriff cars are equipped with necessary equipment to aid in crime detection, also first aid kits including snake bite kits. All of this equipment, a great deal of which is personal property of the Deputy and myself, is available for use and has been used by the present Sheriff's office in assisting the various police agencies of this County that are not so well equipped.

Therefore, when my opponent makes a statement on the air that he does not know of modern criminal detection methods and modern equipment being used by the present Sheriff's office, in my opinion, he is either reckless with the truth or grossly misinformed. I refer him to the many appearances I have made before civic organizations all over Warren County at which times I have personally demonstrated the use of this equipment and the splendid results obtained by its use. I also refer him to the several open houses which have been held at the Court House during Pennsylvania Week, at which time hundreds of persons visited the Sheriff's office and personally inspected this equipment, saw many pictures taken at the scene of crimes, also inspected casts and other material gathered at the scene of crimes.

It is essential that the High Sheriff of Warren County, who is also the Probation Officer for men and boys, have the confidence of the highest officials of the County and of the various boroughs and Townships. I believe that I have that confidence and I intend to maintain it in the future.

I sincerely hope that the Republican voters of Warren County will express the same confidence by voting for me for the nomination to the office of sheriff tomorrow.

Sheriff L. E. Linder.

State Police Probe Two Car Accidents Over the Weekend

State police were called to investigate two accidents over the weekend.

Friday evening about 11 p. m., a car operated by Joseph E. Bruto, 29 Walnut street, struck the rear of a large highway truck operated by Robert L. Almendinger, Warren RD 3, as the truck was turning into the highway shed at Starbrick. No one was injured. There was no damage to the truck, but Bruto's car was damaged to an estimated \$350.

Saturday afternoon, at 3:45 p. m., a two car crash at the Mineral Well Service Station, east of Warren, on Route 6, sent two persons to Warren General Hospital for emergency treatment. Both were discharged after treatment.

Glenn V. Fitzgerald, Clarendon RD 1, operator of one of the cars, sustained abrasions of the right knee and a small scalp laceration. Hilda Smith, of North Warren, a passenger in the Fitzgerald car, sustained a laceration of the left ear, requiring two sutures.

State police said the accident occurred when a car operated by Floyd C. Dase, Clarendon RD 1, proceeding east, and the Fitzgerald car crashed head on. Dase told police that he recognized Fitzgerald, a friend, approaching, and waved to him with his left hand out the window. As he did so, his car drifted to the left. Fitzgerald, thinking that something was wrong with Dase's car, swerved to the left just as Dase brought his car under control and returned to his right side of the road, the cars meeting head-on. Damage was estimated at \$350 to each car.

Dase sustained bruises of both knees and the right elbow, but was not hospitalized.

Sheffield Veteran Is Seeking Office

A veteran of World War I and a loyal Democrat all his life, Bert J. Hoyer is a candidate for the Democratic nomination for county commissioner. He is a well-known resident of the Sheffield and Barnes areas, and has been employed in oil field work for about 15 years. He also has followed the carpenter trade for the past 25 years and had been business agent for the Carpenters and Joiners of America, local 1014, in Warren. He is a member of both the American Legion and Veterans of Foreign Wars posts in Sheffield, and a member of the Warren Lodge of Moose.

This is the first time that Mr. Hoyer has been a candidate for a county office.

TOURNEY DATES
The Warren Council, Knights of Columbus today announced that the opening dates for the State K. of C. tenpin tournament at the Penn alleys, has been deferred from October 12 and 13 to October 20 and 21. The change was made because so many of the K. of C. councils have special ceremonies planned for Columbus Day, October 12. It also was announced that a K. of C. officers tournament may be arranged for October 6 and 7.

K. OF C. DEGREE
Announcement was made today that the Degree Team of the Warren Council, Knights of Columbus, will confer the first degree on a group of candidates from the Kane and Warren K. of C. Councils. The degree work will be staged at the Warren K. of C. rooms on Thursday, July 26, starting at 8:30 o'clock. The degree work is the first step in reorganization of the Kane Council. A business session will follow the degree work, after which a lunch will be served.

THAT BRILLIANT LIGHT
The Greenville Record-Argus having had an inquiry about a brilliant white light appearing in the sky, submitted the question to Prof. N. W. Hartner of the Thiel College faculty. He said the light came from Venus, the evening star, which is closer to us right now than any other time of the year. Prof. Hartner says Venus is a planet, just like the earth, and is very similar in size. Venus passes through phases similar to those of the moon and at its brightest is far more brilliant than any fixed star, often being visible in daylight, shining with a star-white light.

OIL CITY FLIER KILLED
Foster Lambert, 50, a former resident of Titusville, was killed last night when a plane he was flying from Philadelphia to Dover, Del., his home, crashed into a factory building at Roysersford, Pa. Mr. Lambert was a son of Mr. and Mrs. Ed Lambert, who spent many years of their life in Titusville and both of whom are buried here. Mr. Lambert had flown to Titusville on occasion. His mother's maiden name was Foster and there are several of her relatives in this community. Mrs. N. T. Francis is a cousin. The body will be brought to Titusville for interment, probably arriving on Tuesday.

In the supreme court race, both Ladner and Chidsey were appointed by former Governor Duff last year to fill vacancies.

On the county level, 38 common pleas judges, seven orphans court judges, two Allegheny county judges, one Philadelphia municipal court jurist and six associate judges in rural counties are up for election this year.

The liquor option elections are mostly in rural areas with the exception of Franklin in Venango county and Greenville in Mercer county. Some 138 communities with a total population of 180,000 will ballot on the issue, a state liquor control board survey showed.

Roll Back Ordered by OPS in Prices of Milk

ended application for a half-cent a quart rise in Pittsburgh and Erie areas, attorneys said, adding it would not apply to Johnstown where the OPS indicated that a half-cent boost would give distributors a "very large" margin.

Last Wednesday the commission boosted the price of Pittsburgh district milk to 22 cents a quart in stores and 23 cents delivered. It followed a one-cent a quart hike the OPS allowed April 3.

Harrisburg, July 23.—(P)—The State Milk Control Commission met today to consider an Office of Price Stabilization order rolling back western Pennsylvania milk price increases already in effect.

A commission source indicated the State Justice Department would be asked for an opinion before amended orders are issued for the Pittsburgh, Erie and Johnstown-Altoona marketing areas.

youngest chief of operations in the Navy's history.

The admiral arrived here Saturday after talks in Madrid, Paris and London. Newsmen who talked with him said he appeared in good health, but looked tired. Navy officers said he had not slept well during the night flight from London.

The first heart attack struck shortly after he awoke Sunday morning. A navy medical officer and a Naples doctor were called and Sherman seemed to rally. A second attack occurred just after noon and the admiral succumbed.

THE MARKETS

New York, July 23.—(P)—There was very little activity today in the stock market but prices managed to crawl ahead slightly. Gains were less than a dollar a share just about everywhere. Losses were scattered and small, many leaders were unchanged. Oils displayed a virtually unbroken advancing front while other major divisions were dotted with minus signs. Motors showed the most weakness. The tendency today followed along the lines of the past week—light trading and gently advancing prices. The Associated Press average of 60 stocks last week advanced 10 cents on balance, and the daily volume of business was well below the average for the year. Wall Street commentators ascribe the sluggishness to caution during the Korean cease-fire negotiations, together with an almost complete absence of news developments of a character to affect the entire market. Individual issues have advanced or declined on corporate developments but none of these has been of sufficient strength to sway the balance of the market.

JACOBY ON BRIDGE

CITY SLICKER BEATEN BY SHARP PLAYING

By OSWALD JACOBY

Written for NEA Service

When the country's bridge experts gather in Washington, D. C., a week from today for the beginning of the national championships, a large Southern contingent will be on hand. They'll probably carry off a fair share of the honors, too, for those Southern boys and girls can play the spots off the cards.

The hand shown today was played in last year's national tournament. Declarer was a city slicker from Brooklyn. The defenders were not exactly country boys, but they were from the South.

West (Herbert Gerst, of Norfolk, Va.) opened the king of clubs. Declarer ruffed in dummy, cashed the ace of diamonds, and ruffed a second club in dummy.

got in his hand with the ace of spades, and sat back to wait for a chance to snaggle two more tricks with his Q-J-7 of trumps.

He then led another diamond from dummy. East (Lt.-Col. J. T. Willis, of Rome, Ga.) casually played the king of diamonds, hoping South would think it was safe to ruff low.

West won the spade with the queen and then led the jack of spades. This gave Col Willis the right idea. Why was his partner so fancy about the play of the spades? He wanted East to ruff, if possible.

So East ruffed and led a diamond through South. This was a bitter blow to the Brooklyn boy. If he ruffed low, West would over-ruff with the eight and then take the king. If South ruffed high, West would discard; and then West would have K-8 over South's Q-7, for two sure trump tricks.

New York, Cleveland, Boston Battle for Top Spot in the A.L.

By The Associated Press
New York, Cleveland and Boston today were locked in a virtual first place tie in the American League's gripping pennant race with Chicago's weary White Sox "resting" in fourth place, two and a half games behind the leaders.

Percentage-wise, the defending champions lead the league. Yes-

Ludlow Wildcats Post 5-2 Victory Against Tidoute

Ludlow Wildcats racked up a 5-2 triumph over Tidoute in a Sunday matinee baseball game played at Ludlow.

Keith Vessing on the mound for the Wildcats, limited the Tidoute squad to four singles and a double by Randinelli. He had seven strikeouts and allowed only one walk.

McGraw, hurling for Tidoute, was nipped for nine hits, including a double by Anderson. He fanned three men and allowed no walks.

Dean Whitaker, shortstop for the Wildcats, had a perfect day at the plate, getting four singles in four times.

The Wildcats play at Sherman N. Y., on Tuesday evening while on Thursday night Ludlow will be host to James City, with game time set for 6:15 p. m. Next Sunday, the Wildcats will tangle with the Jamestown Marlin-Rockwells at Ludlow.

terday's sweep of two games from St. Louis—9-0 and 7-3—boosted them into first place by two percentage points over the deadlocked Indians and Red Sox.

The rampaging Indians made it 22 victories in 27 games and eight out of nine by defeating the Philadelphia Athletics twice, 6-4 and 5-1. The Red Sox stubbornly kept pace with a 10-9 triumph over the Detroit Tigers in 10 innings.

The triple tie (in games behind) should be untangled tomorrow when the Yankees open a 17-game home stand against the Indians. The Red Sox also return home tomorrow for a 19-game stand starting with a night affair against the White Sox.

The skidding White Sox suffered two stunning defeats by Washington yesterday—7-6 and 11-5—as the Senators concluded a sweep of the four-game series. It marked the longest losing skid of the season for Chicago—four straight.

The Brooklyn Dodgers continued to make a runaway race of it in the National League. Trouncing the St. Louis Cardinals, 9-2, for their ninth straight over the Redbirds the Dodgers increased their margin to 8½ games over second-place New York.

Cincinnati held the Giants to a split of their doubleheader, dropping a 9-8 decision after winning the opener 7-3. The Chicago Cubs defeated the Philadelphia Phillies 8-7 in 14 innings and led 1-0 after seven innings of a second game of a doubleheader. The nightcap was halted by Pennsylvania's Sunday curfew law. It will be resumed the next time the Cubs come to Philadelphia.

Pittsburgh split with Boston winning the second game 5-2 after the Braves had taken the opener 5-3.

MIDDLE ATLANTIC

By The Associated Press

Only two teams played in the Middle Atlantic League yesterday. Butler defeated Lockport in both ends of a twin bill.

Ray Rogalski shut out Lockport on eight hits to cap the opener. 2-0. Johnny Gilbert gave up only four hits as the Pirates won the second 5-4, saving up the victory with two runs in the fourth.

The loss put Lockport in third place with a 13-11 record, a half game behind Niagara Falls which has won 13 and lost 10. The Erie Sailors who were tamed out of their game with the Falls are in first place with 13 wins and eight defeats.

Marciano New Member In Heavyweight Picture

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Intelligent matchmaking would bring back boxing like an election repeater.

Graybeards can't remember when there were three young heavyweights around who could punch like Matthews, Murphy and Marciano. The trouble on the heavyweight side is that Matthews, Murphy and Marciano must await the settlement of the Senior Championship.

Ezzard Charles was tied up with the third leg of his series with Jersey Joe Walcott in Pittsburgh, the Old Pappy Guy's fifth shot at the crown.

Joe Louis is still in the bull pen, warming up for a return with Charles at Yankee Stadium in late September. Cesar Brion, the Argentine Collier Ad, once more is the Old Brown Bomber's catcher in San Francisco, Aug. 1.

While Harry Matthews is much the more polished performer, Rocky Marciano of the newer faces has the rail in the race for the first crack at the championship.

Irish Bob Murphy will be held off waiting for Joey Maxim, the light-heavyweight leader.

The stylish Matthews has been written off as a non-conformist, sentenced to such centers as Portland, Ore., Seattle and Boise.

Al Weill, matchmaker, brought a two-fisted puncher out of mothballs in Marciano, but the Brockton barber's boy had a tailor-made opponent in the slow-moving and thinking Rex Layne.

It was a striking illustration of style, or lack of anything such. In his fights with Walcott, Brion and Satterfield, Weill and his handler, Charley Goldman, the old-time bantam, and everybody else who knows boxing saw that Layne couldn't go backward. So at the outset they had the pulverizing Marciano stay in close.

But Marciano was on his toes, where he could do damage, and Layne on his heels, where he was helpless. The pink-skinned Utah lad came out of one of the catch-as-catch-can mixes in the second with a long gasp above his left eye. A front tooth was knocked out and into his gum. His bridge work was broken.

Free-wheeling Marciano moved out where he could get a good whack at Layne in the fifth. A left hook to the side toward the end of the heat buckled his knees and glazed his eyes. An overhand right to the temple dropped him flat on his face like a broken airplane after only 25 seconds of the sixth.

That gives Rocky Marciano 80 per cent the best of it when he shakes hands and comes out fighting.

Warren Merchants Rally in 8th To Edge Jamestown Bombers

Warren Merchants splurged for four runs in the eighth frame to beat the Jamestown Bombers 9-7, in a Penn-York game at the State Hospital field Saturday afternoon.

The victory was credited to Dick Christensen, who scattered seven hits, all singles, over the nine-inning route. He struck out four men and issued one free pass. Anderson was on the mound for the Bombers. He fanned 10 stickmen, walked three and was shelled for 13 hits, including doubles by Chuck Reese and Dick Reed.

Reese also got two singles and scored two runs in four chances at the plate. Reed was credited with three RBI's.

PONY LEAGUE

By The Associated Press

Bill Hudacsek's 15th and 16th home runs of the season highlighted a pair of weekend victories that put the Olean Oilers within a scant half game of first place in the PONY League.

Hudacsek's hits accounted for three of the Oilers' runs in a 6 to 4 victory over the Hamilton Cardinals last night.

The Oilers had a big inning—six runs in the sixth—to beat the league-leading Jamestown Falcons, 9 to 6, Saturday.

The Falcons escaped by a whisker last night, beating the Batavia Clippers, 1 to 0, on a squeeze play in the top of the seventh inning.

The Hornell Dodgers, meanwhile, fell from second place as they lost two of three weekend games. They split with Hamilton on Saturday, losing the first, 11 to 1, and winning the second, 9 to 1. And last night they blew a 6-0 lead and lost to the Wellsville Rockets, 10 to 7.
